around the globe

DEBUT

Richard Abi Saab Design Studio

Lebanon and New York

The Suave **Richard Abi Saab's** creative philosophy is simple: "Context, culture, and the client – the end result needs to be a response to how they want to live." Lucky for the Lebanese-born interior architect and designer, those admirers, from vacation homes, to hospitality and restaurants owners, appreciate high style goosed with a significant dose of fashion. "I treat every project as a collaboration, ensuring I don't enforce a personal style," avers **Abi Saab**. richardabisaab.com
